Pasadena Avenue Monterey Road Committee, for variance of General Order 143B and Authority to explore and enter into negotiations for consideration and implementation pursuant to Public Utilities Code Sections 1202 and 7604 as a Pilot Project as permitted by SB 1491.

Summary: LATE FILED. On March 18, 2004, David Margrave, South Pasadena City (City) Councilman/Los-Angeles-Pasadena Blue Line Authority Board Member, met with Cmmr. Kennedy in Los Angeles. Also present were Ross LaJeunesse, advisor to Cmmr. Kennedy, and Donna Silvestre, Lead Outreach Officer, and Karen Heit, Transportation Manager, for the City. Written materials (attached to the notice) were used. The City representatives discussed the noise problems with the City residents and potential technological solutions to the noise issues. Margrave indicated that noise issues currently facing the City residents would likely occur with the Gold Line Phase II as well as other at grade light rail projects built in close proximity to residential land uses. Margrave indicates the strong support City residents had for the Gold Line and of the City Council and City resident commitment to continue the line out to Montclair as part of Phase II. Margrave then outlined some of the technical proposals that fall under the jurisdiction of the Commission that the City would like to implement to restore the quality of life and not impact the regional significance of the train. Karen Heit identified and discussed the City plan to effect temporary nighttime closures for certain crossing.

Tomcala explained that the Commission should maintain its current equal-cents-per-kilowatt hour allocation method. Huffman stated that the current allocation method is equitable. Cherry stated that it was inappropriate for the Commission to change its cost allocation policy through SCE's petition for modification. Cherry indicated the negative impact on PG&E customers from reallocating more than \$1.2 billion in bond charges over the 20-year life of the bonds.
